

TRI-STATE SPARTANS

2022-23 SEASON PROSPECTUS

FROM LEADERSHIP

We are excited about the Tri-State Spartans AAA program for the 2022-2023 season. Joining the NAPHL for the third season not only gives the Spartans a great league to compete in but also helps continue to put the Spartan teams in great events for exposure to Junior and College scouts.

The Tri-State Spartans were started over 8 years ago with the goal to create a program for top hockey players to play together in the tri-state area. Players receive high-performance training, professional coaching, and exposure to some of the best competition with a program that allows them to still live at home while not having to travel during the week.

The Tri-State Spartans program believes in supporting academic performance and community service experiences for our players. Through the partnership with TPH and the Spartans, we are committed to providing a great hockey experience in the tri-state area and we are glad that you are interested in joining our organization.

Best of luck at tryouts!

TRI-STATE SPARTANS

SPARTANS HOCKEY CLUB

We aim to expose the top-level players in the area to the vast hockey opportunities that are more readily available to the players in larger more traditional hockey markets. The Tri-State Spartans hockey program will help show a clear path to both players and families, which will allow the players to showcase themselves both as hockey players and as young men to the hockey people at the next levels.

SPARTANS HOCKEY CLUB MISSION:

The Tri-State Spartans hockey club will bring elite players together and provide them with high-performance training, professional coaching, and exposure to competition with top teams in the country while being held accountable for their academic performance. The mission is to give them the best opportunity to advance to the next levels both as a student and an athlete.

MAKING IT AFFORDABLE:

To keep the Spartans affordable, families are encouraged to carpool or billet with teammates on HPW's or home weekends. The game schedule is also made early, where the families know what weekends they will be traveling to and where (times and opponents may not be known until the week before). In addition, team sponsorships and fundraising can help lower team fees.
